Furthermore, the dialogues have certain characteristics that are most easily explained by supposing that Plato is using them as vehicles for inducing his readers to become convinced or more convinced than they already are of certain propositions-for example, that there are forms, that the soul is not corporeal, that knowledge can be acquired only by means of a study of the forms, and so on. Finance, as a basic definition, is the study of money and capital in the corporate world. Further information: Glossary of entomology terms and Comparison of butterflies and moths.
