Even though self-asserted information can be falsified, most users will provide accurate information to benefit from the digital service. I can see how this book could be appealing to some people, but I do not think it is advisable for the average reader.

Living above the Snake Line: A Unique Perspective on the Present-Day Deliverance Ministry of Jesus Christ

One should note that against all short-comings of the current system as a democracy mentioned above some recent polls [28] [29] [30] in Iran by a number of respected Western polling organizations show that a considerable majority of Iranians support the system including and the religious institutions and trust it about the elections even the disputed presidential elections in Some Iranians and political activists dispute the results of these polls arguing that the results of these polls cannot be trusted because people fear to express their real opinion and the limitations on the follow of information allows the state to control the opinion of people living in more traditional parts of the country. I find that view vary narrow.
