While this does not mean that as artists, intellectuals or creative practitioners we stop considering or attending to our anchorage in specific co-ordinates of actual physical locations, what it does mean is that we understand that the concrete fact of our physical place in the world is striated by the location's transmitting and receiving capacities, which turns everything we choose to create into either a weak or a strong signal.

The Blunders of a Bashful Man

Not everyone will want to go through this program; not everyone who attends will participate and progress.
